

2 Ingredient Pumpkin Brownies

Ingredients

1 Can of Pumpkin
1 Box Brownie Mix
2 Ingredient Pumpkin Brownies

Directions:

Preheat oven to 350 degrees

Spray a 9X13 pan (I used a Pyrex Pan) with a non stick spray
(I use my Homemade Nonstick Spray)

Mix together both the pumpkin and brownie mix in a bowl. It gets really thick, I slowly added in the brownie mix and it was still hard to mix up

Bake for about 15-20 minutes and be sure to check for being cooked through

They are thick enough you could cut them like fudge for a get together or pot luck.
