

AMAZING BROOKIES RECIPE

1 scoop of brownie batter + 1 scoop of cookie dough in a muffin pan = Brookies!!!!

The idea (and photo) came from Williams-Sonoma who makes this and sells it as a Baking Mix called Baked Brookster ... well they charge \$16.95 for a box!!!! I got my ingredients for under \$3!

Make brownie and cookie mixes according to box directions, put brownie mix in each well of your pan then drop cookie dough on top. Bake as directed on box BUT start checking about half way through the directed time so your brownies stay moist (remember they are a smaller cook area when made as a muffin size and it will vary a little for each oven)
