

Cheesy Tot Casserole

Potatoes go perfectly with cheese, that's common knowledge! My kids love tater tots so much, so I made this for dinner last night, and it was amazing. Check out my recipe for cheesy tot casserole!

You'll Need:

1-2 lbs of ground beef.
1 can cream of mushroom.
1 bag of tater tots.
Shredded cheese.

How to:

In a skillet, brown the ground beef and drain off the fat then mix in the cream of mushroom until well coated.

Transfer into a casserole dish and top with a generous amount of shredded cheese.

Layer the tater tots over the cheese and drizzle some cheese over the top if you like too.

In a preheated oven to 375° bake for 20 minutes and enjoy!

Easy, peasy and cheesy! I make this casserole on extra as everybody loves tater tots with meat and cheese. Give it a shot, you will love it!
