

# Chocolate Bomb Pudding Shots

## Ingredients:

Sm Chocolate Instant Pudding

$\frac{3}{4}$  c Kahlua

$\frac{3}{4}$  c Coconut Rum...

4oz Cool Whip (Extra Creamy preferred but not required)

## Directions:

Whisk Kahlua and Instant Pudding together until as thick as it will get (1-2 minutes). Once it has thickened, add Liquor and whisk until all lumps and clumps are gone. Once the mixture is nice and smooth again, whisk in Cool Whip.

.

Fill almost  $\frac{3}{4}$  of a 1oz plastic shot cup with the mixture then cover and place in the freezer.

.

It does take several hours to set. For BEST results, I let them set overnight. May use little ice cream tester spoons when serving them.
