

Ding Dong Cake

Ever since I learned how to bake cakes, I stopped buying birthday cakes! Last week was my son's birthday, and I made this ding dong cake and some other cakes! Check it out!

You'll Need:

- 1 box of devil's food cake mix.
- 8 oz of softened cream cheese.
- 3 cups of powdered sugar.
- 1 stick of softened butter.
- 8 oz of cool whip.
- 1 tub of milk chocolate icing.

How to:

Bake the cake according to package instructions in two round cake pans.

In a bowl, mix together the butter and cream cheese, mix in the powdered sugar and cool whip.

Once the cakes are cooled, split layers and spread the filling on each layer and stack.

If you have any filling left, mix it with the icing then ice your cake with chocolate icing.

Enjoy!

Easy, peasy and yummy! Kids love chocolate cakes, even adults do! This ding dong cake is so creamy and delicious, you will love it!
