

# Quick & Easy Fruit and Dip

You could also try different pudding flavors... and if you do, let me know what you think! I'm just too comfortable with this yummy vanilla version and love it so much that I can never bring myself to mix it up, but I've always wanted to try strawberry or lemon or even pistachio pudding mix.

## Ingredients

1 (8 ounce) packages cream cheese

1/2 cup marshmallow creme

1 cup pineapple juice

apples or strawberries or bananas or peaches or nectarines or plum

## Directions

Blend cream cheese and marshmallow crème in mixer.

Slowly add  $\frac{1}{4}$  C of juice.

Mix until well blended.

Cover and chill.

Cut fruit up into bite size pieces.

Dip the bananas and apples into the remaining pineapple juice to prevent the fruit from browning.

(Works as well as lemon but adds some sweetness to the fruit)

To serve, arrange fruit on a platter around the dip.
