

Seafood Mac and Cheese

When you have a best friend who's feeling under the weather and her favorite food is seafood... what do you make her? You make her this cheesy and comforting ***Seafood Mac and Cheese!***

Yesssss! I thought long and hard on what I could make that would be extra extra special for my dear friend Rhonda. I couldn't think of anything more comforting than mac and cheese surrounded by a bunch of local shrimp and crab meat... SCORE!

Rhonda is such a sweet and selfless person, when I told her I was making this she replied, "Please don't go out of your way." I replied, "Ummmm RHONDA I have a freakin' food blog and my job is cooking which I LOVE!" ☐

We met when I started working at a local surgical center in 2012 and we immediately became friends on my first day of work.

Last weekend was my birthday and Brian and I had a party celebrating moving into the new house. The best present ever was her *presence* and being able to spend time with my friend.

We were even gifted with a beautiful rainbow right after she got here!
