Unpleasant smells and odors in the home are difficult to get rid of, but all of this can be a thing of the past when you prepare the wonderful mixture we have for you today!

The natural fragrance we're going to show you how to prepare will get rid of any kind of odor in your home and keep it smelling fresh and pleasant. Just spray it in your living room, and you'll instantly feel much better! Once you start using this amazing fragrance, you will fall in love with it and everyone who steps inside your home will envy you forever!

Here's how to prepare it:

## Ingredients

- A tablespoon of baking soda
- 3 cups of lukewarm water
- 3 tablespoons of fabric softener

## Preparation

Pour the fabric softener in an empty spray bottle first, then follow it up with the water and baking soda. Close the bottle and shake it well, then spray the mixture in your home. The effect will last for a long time – once it wears off, simply spray the mixture again.

Besides this wonderful fragrance, there are many natural homemade products which you can easily prepare to make your home and clothes smell wonderful. Here's a nice recipe for a homemade fabric softener:

### **Ingredients**

- 10 gr. of baking soda
- 200 ml. of hot water
- 800 ml. of ACV
- 20 drops of your favorite essential oil

### **Preparation**

Take a bigger plastic container and pour the water in, then add the apple cider vinegar and baking soda and wait for the reaction to pass. Now, transfer the mixture into an empty spray bottle and keep it in a dark and cool place. Add the fabric softener in your washing machine or soak your clothes in it – it will make them super soft and leave them smelling fresh for a long time.

Start using these natural products instead of commercial ones

and you'll make your home and clothes smell better than ever before!
